Fixings Cooking Instructions

There are several ways that you can heat these products prior to serving. We are providing instructions for the method(s) we recommend. Choose the method that best fits the equipment that is available to you. Enjoy!

Turkey Reheating Instructions

Baking Instructions

Remove turkey from bag and place inside aluminum pan that is included. Pour remaining contents of bag in pan for protein to remain moist. Place included cover on top of pan and bake for 30-45 minutes at 350˚F. The temperature of the protein should be brought to 165˚F minimum.

Squash Boiling Instructions

Boil in Bag

Bring water to a boil in an 6-quart pot. Place bag of squash into water. Bring water to a boil. Reduce heat to medium and simmer for 30 - 45 minutes. Internal temperature should be brought to165° F minimum. Internal temperature can be measured by folding bag over thermometer stem. DO NOT PUNCTURE BAG. Remove from bag and place in a serving dish or casserole.

OR
